CHRONO

LD/OLL JOURNAL NOTE TELEPHONE INQUIRY - RESPONSE

Date 25 October 1984 OLL No. 84-4032 R20 SCHWEITZ

HILL CONTACT Sheila Barry

COMMITTEE/MEMBER Senator Rudy Boschwitz

SUBJECT Psychological Warfare Manual

ACTION OFFICER [redacted] 25X1

SUMMARY: Sheila informed me that she has several letters from constituents inquiring about the "manual published by the CIA." Did we have any comment? Could I comment on some of the letters which asked for Mr. Casey's resignation?

I replied that the Agency is not responding to inquiries on this subject, that there is an internal investigation underway now, that we will report our findings to the House and Senate Intelligence Committees -- and those Committees will probably issue statements after their own investigations are completed.

On the point of Mr. Casey's resignation, I said we would not commet at all.

Sheila then asked whether we get involved in assassinations, and I cited E.O. 12333 prohibitions and further that we would not engage in such action.

Sheila thanked me for the information. It did not appear she will send the letters on to us, but respond from the Senator's office.
